

WEB DESIGN

RULES AND REGULATIONS

GENERAL RULES:

1. Maximum 2 members will be allowed in each team.
2. The contest will comprise of 2 rounds – Prelims and Finale.
3. **No Internet access** will be allowed during the contest.
4. **No pre-built template or functions or scripts will be allowed.**
5. Build your website from scratch using HTML, CSS, Javascript.
6. You will be allowed to use the latest toolkits such as Bootstrap, Materialize, Material Design Lite, Font Awesome and library such as jQuery locally available.
7. Local development server (localhost) will be made available to you for development in both the rounds.
8. Sublime Text, Atom and Notepad++ will be provided along with HTML COLOR PICKER software for developing the websites.
9. The required resources such as images or videos for the webpages to be designed will also be provided.

Round 1 (Prelims)

THEME: PORTFOLIO

This round will purely be a Front-end contest where you have to build a simple Single Page Website from scratch. The website should correspond to the THEME mentioned above else you will lose out on Coffee-Beans (points).

You might be asking PORTFOLIO of whom? We say why not make a make a Portfolio Website of your team or yourself! (If you are a lone warrior). Build a unique and creative Web Portfolio for your team or yourself.

Top Teams will move to Round 2 (Finale).

CONSTRAINTS:

- o the website should only be a single page website.
- o the website must have the following sections: HOME, WORK, ABOUT, CONTACT.
- o the website should not have more than 6 sections (including HOME).

Bring your own resources which includes any images or videos or audios only that you want to use for this round.

Evaluation Scheme: Check out the section of Judging Criteria below.

Time allotted – 1 hour 30 minutes

Round 2 (Finale)

THEME: Will be disclosed on spot

Preparation Phase: 15 minutes will be given to all the participants to prepare for the THEME that will be given to you. You may utilise this allotted time to sketch out the design or wireframe the website you are about to build on paper (Blank A4 sheets will be provided). You will not be allowed to code anything in this phase.

Development Phase: In this phase you actually start coding building upon the design ideas you thought of in the Preparation Phase. Bring forth all your experiences and creativeness as you will need them all to get through this Front-end challenge. All sample resources like images, videos or audios will be provided to you. No external resources will be allowed to be used during this round. Can you amaze with us with your flawless designs?

Top 2 teams will be declared as the Winner and Runners-up.

CONSTRAINTS:

- o The website can either be a Multi-Page or a Single Page website.
- o In case of multi-page website, the website should not contain more than 6 webpages. It should not contain more than 6 sections in case of single page website.
- o The website must have a section or page for “ABOUT” and “CONTACT”

Evaluation Scheme: Check out the section of Judging Criteria below.

Time allotted – 2 hours 45 minutes / 3 hours

JUDGING CRITERIA

The following aspects should be kept in mind while building the websites for both rounds as it will affect the total Coffee-Beans you receive.

- o Minimalistic Design
- o Responsiveness
- o Mobile View
- o Originality and Creativeness
- o Overall Design approach
- o UX (User Experience)
- o Coding structure and standards
- o Server requests and Load time

SCORING SYSTEM

Following scoring system will be followed for both the rounds:

- o Overall Website Design – 25 coffee-beans
- o Originality / Uniqueness – 25 coffee-beans
- o Responsiveness – 15 coffee-beans
- o Coding structure and standards followed – 15 coffee-beans
- o User Experience – 10 coffee-beans
- o Lesser load time and server requests – 10 coffee-beans

Total: 100 coffee-beans

What are coffee-beans?

Coffee-Beans is an alias for points or marks that we use for this event. It is equivalent to points or marks that you are used to seeing.

After all Web Designers and Web Developers need loads of coffees to keep them crunching out the best websites that we see today all around the web. So we thought it would be cool to offer you coffee-beans to get you going. Even you also deserve all those coffees you rightfully earn ;)
